## Bylaws of the Unincorporated Academic Research Institute

Established: 2026

### Article 1 - Name

The name of this association shall be the **Institute for Unified Higher-Dimensional Information Physics (IU-HIP)**.

### Article 2 - Nature of the Institute

IU-HIP is a **nonprofit, unincorporated academic research institute** dedicated to the development of unified theoretical frameworks in higher-dimensional information physics, including but not limited to R-layer Mode Theory (RLMT).

### Article 3 - Purpose

The purposes of this institute are:

1. To conduct independent research in unified higher-dimensional information physics.
2. To develop and advance R-layer Mode Theory (RLMT) and related unified theoretical frameworks.
3. To publish and disseminate research findings through open-access platforms.
4. To promote academic exchange and collaboration.
5. To contribute to the foundations of theoretical physics, information science, and cosmology.

### Article 4 - Activities

IU-HIP shall engage in the following activities:

- Theoretical research and mathematical development
- Publication of academic papers, monographs, and technical reports
- Organization of seminars, lectures, and outreach activities
- Participation in academic conferences
- Maintenance of an official website and research archives
- Development of educational and explanatory materials related to RLMT and unified information physics

### Article 5 - Membership

Membership is open to individuals who support the purposes of the institute. The institute may operate with a minimal membership structure, including only a representative.

## **Article 6 - Representative**

The representative of the institute shall be: **Tsuyoshi Tohi** The representative oversees research activities, administration, and external communication.
